Many years ago a Southern Senator, in view of the threatening aspect of alfalis, remarked that the "mation's hair was growing gray rapidly." It grew grayer during the rehelion, and is, unhappily, growing still grayor since the rebellion. This impencionent will bring white lairs and batidness. It has already presented many uspects and phases calculated to shock and shame the people, who, though largely blinded now, will, when the heads of the Radieni leaders roll from the block which drinks the blood of the President, open their eyes and ears to see and hear low long and how strangely their faculties were suspended.

Intelligent citizen of North Carolina writes us follows under date of April 13:

Our political condition is more gloomy than ever. With istan, "Which way we sty is hell." If we reject the new constitution we will have Winde und Congress to indose. If we necept, we have Holden and the negroes, Our constitution has but one redeeming clauses—if disfrancialese no mue for political opinions or acts. Our hope is in the old Democracy North. We are powerless here.

The excitement in our State is more intense than in 18d. Boys are making speeches, even, and on the other side negroes are canvassing. The result is should in the difference of defeating the constitution. Many of the negroes begin to see at last the danger to them if the war of races begins. Our people are growing reckless, and will not stop to calculate consequences. Time alone will develop the future before us. I am not hopeful of a favorable solution.

Consequences of A. J.'s Removal.—We

RESIGNATION AND APPOINTMENT.—Richard Hutchinson has resigned the office of Frankin county, and P. R. Puttins been appointed to fill the office until Au halter of Frinkin Commy, and T. E. Italians been appointed to fill the office until August, at which time an election will be held to fill the mexpired term of Mr. Hutchinson. Mr. Hutchinson was a faithful and good officer, and we regret that his interests constrained him to resign. Mr. Pattle is a gonstrained him to resign. Mr. Pattle is a gonstrained will and favorably known to most of our citizens, and we feel satisfied will fill, to the satisfaction of all, the important office to which he has been assigned. The remains of Capt. Charles E. Marshall, who died in New Drieans lately, reachest the city on Sunday, and were interred in the elemetery at 1 P. M. by the Masonic order, of which he was a member. His funeral was largely attended by his acquaintances and the friends of the fautly. Capt. Marshall was a younger brother of Hon. Humphrey Marshall, and in 1816 represented the county of Henry in the Legislature. For a number of tyears he had made his residence in the South.

—The river is falling, with ten feet in the channel by pier mark. The towboat Valid arrived yesterday morning from Carrollton with a tow of Pittsburg coal for this city. The Wren arrived at 3 o'clock P. M. yesterday, from Shaker Ferry. Four lattboats laden with pig from urrived from thed river and departed for Louisville. The weather was cloudy in the morning, with light-showers of rain. In the evening it was clear, with indictutions of pleasant weather.

wer, With Satam, "Which way eggly is held."

If we reject the new constitution we will any the new coest, we have flotden and the negroes. If we accept, we have flotden and the negroes. Our constitution has but one redeeming clause—it listranchises no me for political opinions onels. (thr. hope is in the old Democrate) North. We are powerless here.

The excitement in our State is more intense than in 1861. Boys are making speeches, even, and on the other side negroes are canvassing. The result is ihoddin, with chances in favor of defeating the constitution. Many of the negroes begin to see at last the danger to them if the war of races begins. Our people are growing reckless, and will not stop to cuitate consequences. Time alone will develop the future before us. I am not hopeful of a favorable solution.
